Complete Family Approach

We match people, not profiles. We take the time to get to know you and your family's unique needs, so we can find you the right caregiver with the experience, skills and availability you need.

Safe & Secure

All of our nannies are legally employed and carefully vetted, with background checks at the city, county, state and federal levels, so you can feel confident they're trustworthy for your family.

Trained & Trusted

Our nannies and sitters are trained in first aid and CPR and receive formal childcare training and ongoing guidance to ensure your caregiver is top notch for you and your children.
