

# SUMMER READING REMINDER

**Step #1 - Download** the study guide & log **before** reading the novel.

**Step #2 - Be sure to read the book.** One important reason for summer reading is to maintain your reading skills; therefore, if you listen to an audio book, you **must follow along in the book.**

**Step #3 - As you read and answer** the study guide questions, **record** your progress on your reading log.

- Complete your reading and questions by August 16 so that you and your parent can sign the log.
- This assignment will comprise 2% of the first semester grade.

On the PCS website (High School Downloads), you will find the link to the Summer Reading Resources:

- general information on the summer reading program
- an F.A.Q. sheet on summer reading
- the summer reading introductory video for each grade
- the study guide and reading log for each selection
